GOUGH

RECRUITMENT

Option 3, Refined

Three colourways to choose from

The chosen direction

Refined

Lighter, more tailored capitals and a clean monogram G.

The name and the G

Same structure as today: GOUGH over RECRUITMENT, all capitals. Lighter strokes and more space between the letters make it feel considered rather than loud. Recruitment runs from the start of the G to the end of the H.

GOUGH

RECRUITMENT

One refinement

The second, inner ring is gone. One fine ring stays around the G.

Before → Now

The G from the wordmark, inside one fine ring. The second, inner ring has gone, so the icon is cleaner and holds up at every size, down to a favicon.
